

> aXR900

Excellent printing quality on textile materials
 Excellent resistance to wash and dry cleaning
 Very good resistance to ironing

aXR®900 is a resin ribbon for Corner Edge and Near Edge printers designed for the textile label printing market.

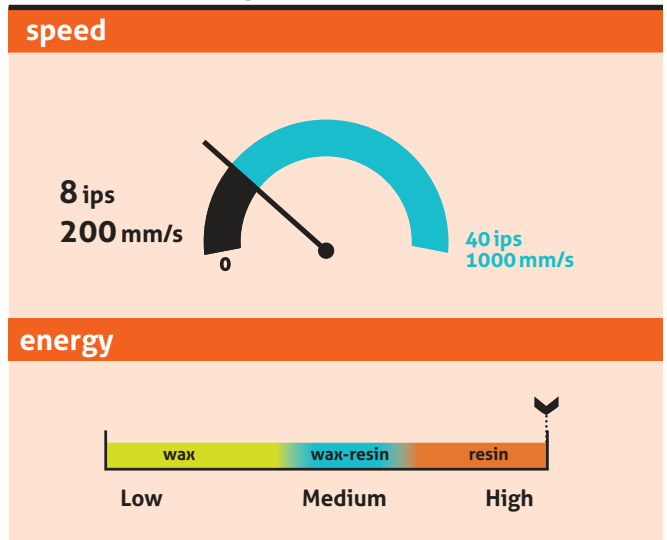

It can also represent a relevant solution for niche resin applications (involving for example sterilization or resistance to some solvents) which are not satisfied by other resin ribbons.

Product physico-chemical features

product structure

PET film	Thickness: 4,5 µm
Ink	Resin
Melting point	85°C/185°F
Backcoating	Silicon based
Coefficient of Friction	Kd < 0.2
Ribbon thickness	< 8 µm
The ribbon is anti static build-up treated	

Storage

storage conditions

12 months recommended
20-80 % Humidity Rate, 5-35°C (40-95°F)

Waste management

inkanto rolls and their packaging allow an optimised waste management. For more information please contact ARMOR.

The inkanto benefits

› **Warranty**
This product is guaranteed for life against any manufacturing defect in normal conditions of use and storage.

› **Quality commitment**
Easy to use with guaranteed product performance: the certificate of conformity for your product can be accessed via the flashcode on the box.

› **Easy to identify products:**
The inkanto rolls families are identified by color codes. The roll labels highlight the important information about the product.

› **Your product is delivered with a cleaning wipe**
To clean the print head and maintain the maximum performance of your printer.

› **Packing**
Consistent packaging units depending on the roll dimensions.

A certified and approved production site

Quality, health & safety and environmental systems:
ISO 9001
OHSAS 18001
ISO 14001
ISO 50001 (France only)

Responsible Care
The charter of the International Council of Chemical Associations for improvements in health & safety and the environment.

Global Compact
UN initiative inviting companies to apply fundamental ethical and environmental values.
